## Downstream Sustainability Day 2023

**Downstream Sustainability Day 2023 (SD23)**, organised and co-hosted by Downstream Business Excellence and PCG (PC MTBE) on 12 & 13 June 2023, will be the first of the annual event for Downstream on sustainability.

This inaugural event aims at enhancing knowledge within Downstream, to accelerate change on sustainability and help the business to continuously meet its sustainability targets.

With the theme **● You ● Me ● Sustainability ●**, the programme content will focus and expand on all PETRONAS 4 Sustainability Lenses. This event is also envisioned to provide a **platform for discussion on sustainability-related topics** and to **explore potential collaborations and solutions**.

SD23 will be brought to you LIVE on various virtual platforms. Refer to the joining instructions here on how to login and browse the event page.

We look forward to seeing you!

**● You ● Me ● Sustainability ●**
